

# Hand-washing technique with soap and water

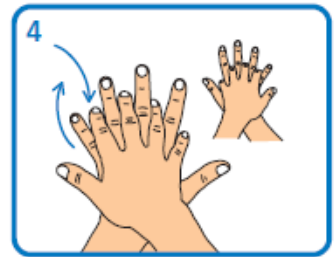

1  
My heart goes up, my heart goes down

2  
We fall in love and we fall back out

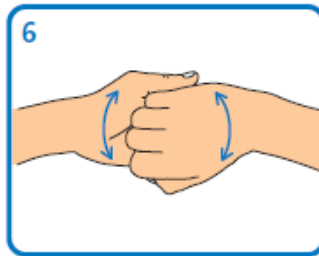

3  
I'll give you anything you want, anything you want

4  
Anything, anything, just don't tell me no

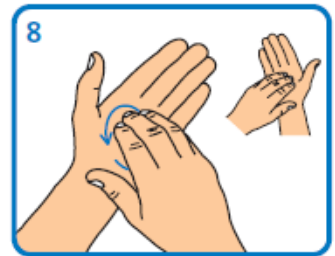

5  
You stop it still, then you make it rush

6  
You're like a pill that I just can't trust

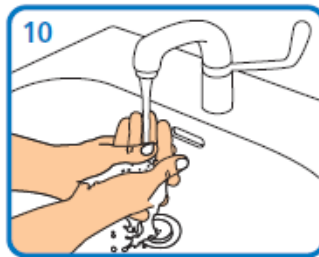

7  
You tell me to stop but I keep on going

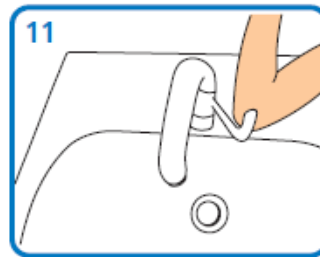

8  
Tell me to stop but I keep on going

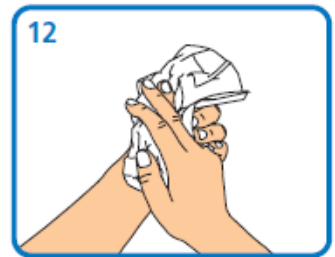

9  
Tell me to stop but I keep on going

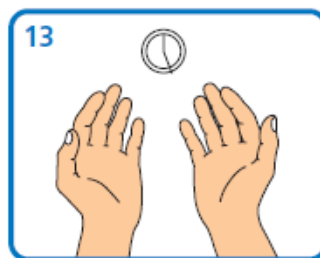

10  
Keep on, keep on, keep on

11  
You'll never stop this flame, I will never let you go

12  
Well, who am I to say?

13  
Maybe by now you should know
